Subject: Goodwill Industries - 183 University Drive

Dear Ms. Arcamo,

Goodwill Industries contacted me to perform an inspection for an Occupancy Permit for their second hand store, to be located at 183 University Drive in Amherst.

I performed the inspection on June 25, 2010.

The store interior fit out was essentially complete and a Certificate of Occupancy has been issued.

During the inspection I was informed that the store is planning to do some alterations to the interior, at the back of the store. Once those plans have been completed they will be obtaining necessary permits for the work to be performed.

With respect to Zoning :

The building is located in the Limited Business (BL) district with a Research and Development (R & D) overlay district. The complex has a site plan review permit in place. The proposed use is consistent with the existing site plan review permit. In addition the proposed use is allowed by site plan review in the BL district: under the Town of Amherst Zoning Bylaw section 3.350.0 Retail Stores.

In accordance with Section 3.3-footnote 1, of the zoning bylaw the Site Plan Review has been waived as there are "no substantial physical changes (other than signs) proposed for the site or building exterior and there are "no new or additional requirements of the Zoning Bylaw that must be met for the proposed use ".

Based on the above information I recommend granting a license to deal in used articles to Goodwill Industries.

If you have any additional questions please contact me.

Sincerely,

Bonita Weeks
Building Commissioner
